

In the Specification

In the response filed February 2, 2006, Applicants inserted the following paragraph after paragraph [0023] of the published application (Publication No. 20030157695), and prior to the "Detailed Description and Preferred Embodiments". It is submitted, that there were two (2) inadvertent typographical errors: 1) ATCC No.: PTA-5275 is strain CNBB476 and not CNH476; and 2) the date of deposit of strain CNB476 is June 20, 2003 and not June 30, 2003. These typographical errors were made without any deceptive intent.

Applicants made the following biological deposit with the American Type Culture Collection (ATCC), 10801 University Blvd., Manassas, Virginia 20110-2209 USA, and International Depositary Authority (IDA) under the terms of the Budapest Treaty on the International Recognition of the Deposit of Microorganisms for the Purposes of Patent Procedure:

Definition:	<i>Actinomyces Salinospora</i> , strain CNH646
ATCC No.:	PTA-2501
Date of Deposit:	September 27, 2000

and

Definition:	<i>Actinomyces Salinospora</i> , strain CNH476 <u>CNB476</u>
ATCC No.:	PTA-5275
Date of Deposit:	June [[30]] <u>20</u> , 2003

Support for the above amendments to the specification is provided in Exhibit A, a copy of the Certificate of Deposit for the strain CNB476.
